Quotation

Date 13/08/2020

Further to my visit I quote as follows.

Work to be done at rear garden of the above address.

Excavate soil and tree stumps from waste land to required depth.

Supply and lay paved edge boarder on concrete base.

Supply and lay membrane and type 1 crushed stone.

Supply and lay 20mm Cotswold stone.

Supply and lay new soil around perimeter.

Supply and lay new turf around perimeter.

Turf will need regular care by somebody on site for around 4 weeks. Grass seed won't need as much attention but still watered regularly. Grass seed would cost around £150 less than quoted.

Total £3,400.

Kind regards James Ridgley Snr.
